Staff Solutions Ltd
PO Box
Warkworth 0910

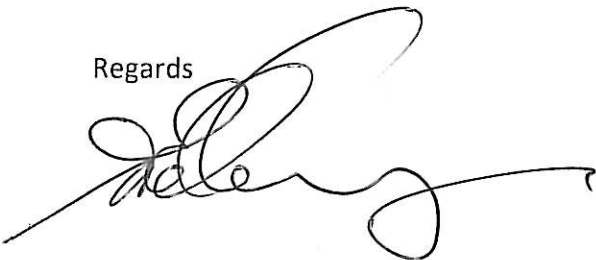

To Whom It May Concern

MS Engineering Limited would like to express our confidence in Staff Solutions Limited, managed by Gavin and Sue Smith. We have used their services on multiple occasions over the past three years to source immigrant staff for our large engineering company in Warkworth.

So far to date we have sourced four different individuals to fill vacancies in our company. All of these staff have been well integrated into the business, and well supported by Sue and Gavin. Currently some of these employees are applying for New Zealand residency.

I have no hesitation in recommending their services to other organizations who require this form of assistance.

Regards

Hugh Harvey
